

## Submissions for Playback Spec Requirements

Files intended for playback on the **PADNET Channel** should be formatted to the following formats:

<b>Frame Size:</b> 1920x1080 or 720x480	<b>Frame Rate:</b> 29.97	<b>File Type:</b> .MOV or .MP4
<b>Codec:</b> H.264	<b>Audio:</b> 48kHz	

Please make sure to label your file as:

**Series Title** (if applicable) – **Program Title** – **Episode Number** (if applicable)

*Ex: “Long Beach Lens – Olivia Munn Returns – Episode 24”*

*Note: If your video editor cannot output this format, download Mpeg Streamclip, available at [atsquared5.com](http://atsquared5.com). It's a free application for both MACs and PCs that will help you properly encode your video*

### DO NOT INCLUDE:

- bars, tone, slate or countdown in your file/program.
- Multiple shows on a thumb drive are OK, but ALL shows on the drive must be labeled.
- Widescreen is ok, but it maybe letter boxed on playback.
- Drives must be claimed within 6 months of notification for pick up
